Stay informed- Social Media

The decision to cancel transportation due to extreme cold temperatures shall be made based on the following conditions:

Temperature is -35 without the windchill or colder and the forecasted temperature is expected to drop within 2 hours (6am-8am local time)

2-hour delay may be implemented prior to starting the route to allow time for snow plowing services within the district

If the conditions are not forecasted to improve by 12:00pm local time, the decision will be made to cancel the route for the day.

The decision to operate in the afternoon will be based on the following:

Forecasted temperature of -35 without the windchill or warmer by 12:00pm local time.

Conditions are forecasted to improve by 12:00pm local time

The decision to operate in the afternoon will be made using the best information available at the time

All decisions to delay and/or cancel routes must be made by 6:00am local time
