VII. ELEMENTARY AND SECONDARY SCHOOL PROCEDURES

All substitutes should first check in with the school office. If you are substituting as the classroom teacher, the Office Administrator will direct you to the classroom. If you are substituting for a Special Education Assistant, the Office Administrator will direct you to the Special Education teacher with whom you'll be working. If you are substituting for a Classroom Assistant or Kindergarten Assistant, the Office Administrator will direct you to the teacher with whom you'll be working. Any questions that you may have during your assignment can be directed to the Office Administrator. Substitute information including class roster and teaching plans will be on the teacher's desk. In some cases, teachers will opt to upload their lesson plans in Frontline which you should print and bring with you to the assignment. You will see these lesson plans in Frontline when you accept a teaching assignment. Many teachers have a "substitute folder" on their desk which contains pertinent information including lesson plans, class lists, schedules, and where things can be found. You are expected to arrive to the school at the time indicated in Frontline, and stay until the end time listed in Frontline. Should you need to leave your assignment unexpectedly, you **MUST** let the school Office Administrator know and never leave the class unattended.

VIII. SCHOOL CLOSINGS

In the event that school is closed due to weather or for any other reason, a message will be posted in Frontline advising substitutes not to report to work. Additionally, all weather related school closings are posted on local news stations. Please watch local news stations and/or Frontline for school closing notifications during inclement weather.

IX. GENERAL SUBSTITUTE GUIDELINES

We ask all substitutes to recognize the importance of the job and to remember that you are representing both the school in which you are working and the District as a whole. It is because the District trusts you to teach our students that you are on Acton Boxborough's substitute list. Please keep the guidelines below in mind each time you substitute.

1. Be in the classroom when the students arrive. This is not only a legal responsibility but a necessity in establishing good discipline and effective control.
2. Greet the students with a pleasant "Good Morning/Afternoon," introduce yourself, and write your name on the board.
3. Take attendance carefully. Check with the main office with any questions or concerns.
4. Adhere to the teacher's regular routine as much as possible and within the guidelines left for you by the teacher. Get the lessons started as soon as possible.
5. **Never leave the class unattended.** You are responsible for the students. If assistance is needed, call the main office of the school in which you are substituting.
6. If unable to maintain control during a discipline situation, contact the main office for assistance. Never raise your voice, use inappropriate language, make threats, or raise a hand to any student.
7. You are representing ABRSD. Please dress in appropriate attire.
8. Please silence your cell phone while substituting. It is only to be used for emergencies, or during free periods and/or lunch.
9. Report any injuries to the main office immediately.
10. You are expected to be in the classroom for the entire time you committed to substitute when you accepted the job in Frontline. Start and end times are clearly indicated in every substitute job you accept.

11. Should you have free periods (Junior High and High School,) check in with the school main office to see if you are needed elsewhere for that particular period.
12. At the end of the day:
 - Put the room in good order and back the way you found it.
 - Leave all papers and other pertinent information for the teacher on the teacher's desk.
 - Leave the teacher a detailed note of the day's events.
 - Sign out at the main office before leaving the building.

Teaching the Lesson

1. **Be prepared:** The outcome of the lesson, as well as the class control, depends largely upon the teacher's preparedness.
2. **Be ready to start:** Follow instructions left for you by the teacher. Have materials ready before class. Be sure the class is paying attention to you.
3. **Motivate:** Students need motivation. Be brief, set the stage, arouse curiosity, and relate to the previous lesson. This can be done by a question, picture, story, or a shared experience.
4. **Make your presentation clear:** What the students gain from the lesson will depend on how well you present it.
 - Keep the language at the students' level of understanding.
 - Present one point at a time.
 - Stop often and review.
 - Do not hesitate to repeat.
 - Give students opportunities to ask questions.
 - Use your voice to emphasize and maintain interest.
5. **Provide for Active Participation:** In a really good lesson, students actively participate. Directions must be clear and proper supervision and assistance must be provided.
6. **Give Clear Assignments:** Assignments should be clear and concise. Give homework assignments as indicated in the teacher's lesson plan.
