REMINDER: The Journey to Final Goals

**TODAY - June 9th**
Steering Committee discusses initial stakeholder feedback collected to-date on the draft themes, goals, and measures (June 2 Board WS and Focus Groups) and proposes revisions

**Remainder of June**
- Finish Focus Groups
- Use Steering Committee feedback to propose additional revisions
- You review revisions in between Steering Committee Meetings

**July 13th**
Steering Committee surfaces any remaining Focus Group feedback to finalize themes, goals, measures, and targets for School Board approval

**August 5th**
Steering Committee elevates recommendations for implementation

**By July 28th**
Final goals and measures sent to School Board for approval
Centering Students / Remembering Our “Why”
Today’s Focus

● Review focus group and board feedback gathered to date
● Revise goals based on feedback
New Mission Statement
Approved by the Board on May 5th

The mission of the School District of Palm Beach County is to educate, affirm, and inspire each student in an equity-embedded school system.
We envision…

The School District of Palm Beach County is an educational and working environment, where both students and staff are unimpeded by bias or discrimination. Individuals of all backgrounds and experiences are embraced, affirmed, and inspired. Each and every one will succeed and flourish.

The School District of Palm Beach County will take ownership for students’ academic mastery, emotional intelligence, and social-emotional needs by creating environments where students, families, staff, and communities will develop agency and voice.

A joy of learning is fostered in each student and a positive vision for their future is nurtured. Each student’s cultural heritage is valued, and their physical, emotional, academic, and social needs are met.

…WE SEE YOU.
Criteria for Drafting Goals
Based on School Board and Steering Committee Input

- Aligned to Mission and Vision
- Equity Across All Goals
- Includes Non-Academic Goals
- Connects to Previous Plan and Supports Longitudinal Analysis
- Clear and Concise
How are goals, measures, and targets related?

**THEMES**

**Goals**
What are we trying to achieve?
- Example: Improved physical health

**Measures**
What will help us understand whether we are making progress towards our goal?
- Example:
  - Blood pressure
  - Cholesterol level
  - Body Mass Index (BMI)

**Targets**
What benchmark (or level of performance) are we working towards in service of achieving our goal?
- Example:
  - Blood pressure of 120
  - Cholesterol levels under 200 (mg/dL)
  - BMI between 18.5 and 25
**Theme 1: Improve Academic Access and Close Opportunity Gaps**

Theme 2: Embrace Our Community in Developing Social/Emotional Well-Being

Goal 1: Empowered and Engaged Families and Community
Increase the percentage of families and community organizations who report positive, proactive interactions with the school system. Parents and community support providers feel equipped to play a role in supporting social/emotional well-being of students.

Measures: Open rates of district disseminated information, Gallup survey indicating increase in voices heard and acted upon across all regions, percentage of community organizations reporting clarity in their partnership with the district.

Goal 2: Physical and Emotional Safety
Increase the percentage of staff and students who feel physically and emotionally safe at school and decrease disproportionality across student subgroups.

Measures: School climate surveys, discipline rates, physical and online bullying incidents, attendance rates across all subgroups.

Goal 3: Access to Social/Emotional Support Systems
Increase the percentage of students across all subgroups who have access to social/emotional support systems in and outside of the classroom.

Measures: SEL standards embedded in curriculum, assessment and instruction, percentage of parents/guardians, staff, & students reporting knowledge and use of social/emotional support structures, early identification and intervention.

*Potential 4th goal around behavioral and mental health work, which is different from SEL.
Theme 3: Ensure Equity through District Policies, Processes, Systems, and Resources

Goal 1: Alignment of Policies and Systems to District’s Commitment to Equity
Create common understanding and organization-wide implementation of the district’s commitment to equity.

Measures: District department-level and school level policy analysis and amendment history, identification of systems that promote inequities and implementation of appropriate changes, representative voice of diverse stakeholders in decision-making processes (e.g. school site councils, district advisory committees).

Goal 2: Equity in the Workforce
Identify, attract, and retain a diverse workforce by ensuring the percentage of effective teachers and leaders more accurately reflects the student population served by the district.

Measures: Recruitment, retention, promotion, and placement of teachers and leaders.

Goal 3: Allocation of Resources
Allocate resources* (within funding guidelines) to address root causes of inequities that exist across the district.

Measures: District and school level budgets, other measures beyond budgets TBD.

*Resource defined to be more than money, but time, people, spaces, power, and privilege.
Today’s Focus

- Review focus group and board feedback gathered to date
- Revise goals based on feedback
Focus Groups Conducted To-Date

1. School Board (June 2 Board Workshop)
2. Facilitated by Steering Committee:
   ○ Teachers, Principals, Assistant Principals, Parents, HS Students, Community Members, Other District Staff (including Chiefs/Regional Offices/Principal Supervisors-Managers/Specialists/Guidance Counselors), Higher Ed Dean, various Non-Profit Staff
3. Non-Steering Committee Community Partners
   ○ American Descendants of Slaves (ADOS), Black Educators Caucus (BEC), Third Eye
   ○ Coalition for Black Student Achievement
   ○ Hispanic Education Coalition
     ■ Currently scheduling: Recent SDPBC HS Grads/Former SDPBC Students Enrolled in College, National Coalition of 100 Black Women (South PB County Chapter), District Diversity and Equity Committee, Guatemalan Maya Center, Puerto Rican Hispanic Chamber of Commerce, Association of Hispanic Ministers of PBC, Black Student Union, ESE Teachers, Haitian Educators Association of Palm Beach, Volunteer Association and Fund of FL, and individuals who identified an interest in Focus Group participation via the Phase 1 Survey or by emailing Strategic Plan inbox.

Board Workshop Feedback

Theme 1: Improve Academic Access and Close Opportunity Gaps

- Goal 1 - Has to be more than just “closing gaps”; strengthen language (and possibly remove the reference to gaps) so it is clear we are not lowering expectations to decrease the gap. It’s about elevating all. Also, expand K-12 to PreK-12. Remove “decrease.”
- Goal 5 - Post graduate success should be expanded to include CTE, apprenticeships, etc.
- All Goals - Use of the word “access” may be problematic (maybe success?); need more action words; dig deeper so we’re not just repeating what we’ve done before.

Theme 2: Embrace Our Community in Developing Social/Emotional Well-Being

- Goal 1 - Split into two goals (community AND families, but don’t combine) and/or split into two themes.
- Call out community organizations/community partners more and recognize them in the actual plan. Right now, plan reads like we can do this all on our own as a District.
- In light of COVID, more specific emotional supports needed. Call that out.
- Measures are predominantly self-report in nature (surveys); process measures are still important

Theme 3: Ensure Equity Through District Policies, Processes, Systems, and Resources

- No specific feedback, but general questions surfaced include:
  - How do we evaluate the success of this plan?
  - Needs to be about quality not quantity - how do we capture/measure quality? Particularly as it relates to our community partnerships.
  - How are we capturing accountability at all levels of the org?

● Goal 1 - Has to be more than just “closing gaps”; strengthen language (and possibly remove the reference to gaps) so it is clear we are not lowering expectations to decrease the gap. It’s about elevating all. Also, expand K-12 to PreK-12. Remove “decrease.”

Creating Criteria for Revisions

Based on feedback shared, what are 3-5 key criteria for revising draft goals and measures that are emerging as trends?

EXAMPLE: Use positive language vs. deficit language (e.g., excellence for every student vs. decrease gaps)

- Moving beyond what we usually do/typically do (not more of the same); other ways kids can show us they are excelling - **MAINTAINING AN INNOVATIVE LENS**
- Hearing from the students and taking action based on what they share/student voice; making sure students have power - **DO STUDENTS HAVE AGENCY IN THESE GOALS**
- Look back at what we haven’t achieved (using data) and try to address in new plan - **EQUITY FOCUS AND GROUNDED IN DATA**
- CONNECT BACK TO PORTRAIT OF A GRADUATE
- USE POSITIVE VS DEFICIT-BASED LANGUAGE
- ENSURE MEASURES ARE TIGHTLY ALIGNED TO GOALS AND HOLD US ACCOUNTABLE
- CLARITY AND BREVITY/CLEAR AND CONCISE
