Dear Parents /Guardians:

I am sorry to inform you that a NHS student, Prena Subba, died this past Monday. Prena was involved in a house fire within our North Akron community.

Death can be difficult for us to understand, especially when it is sudden. All of us will be feeling a variety of emotions: shock, sadness, and confusion. What is important is that we care for and support each other.

The Crisis Management Team will be available at school on Thursday and Friday for any student who needs support.

If your family has experienced a death or similar loss recently, the death of Prena may bring up feelings about that death. This is a normal experience. Please let your child's teacher, counselor or principal know if there is any additional information the school should be aware of so we can provide the support your child needs.

Any time death touches us, it is extremely stressful. This sudden death may be disturbing to you as well as to your child. It is for this reason, we especially want you to know of our caring and support.

Sincerely,

Kim Sabetta
