

Welcome to Litchfield Community Learning Center, an IB World School. As an IB World School, our mission is to develop inquiring, knowledgeable and caring young people through high quality education for a better world. Using the IB Learner Profile Traits, we nurture students to be inquirers, knowledgeable, thinkers, communicators, principled, open-minded, caring, risk-takers, balanced and reflective. These Learner Profile Traits are incorporated into our everyday classroom routines. Our students are challenged to learn by thinking critically, expressing creativity, participating in interdisciplinary units, engaging in real-life service learning experiences, and reflecting on their learning.

As we enter the 2019-20 school year, we will continue to provide a learning environment that is academically challenging and one in which students feel safe and secure. The IB philosophy empowers students to become life-long learners. Litchfield staff also embraces this philosophy and commits to being life-long learners by continually engaging in professional development to support the IB mission.

We are committed to supporting parents and students as they journey through their IB middle school experiences and prepare for College and Career Academies in high school. We encourage parents to assist in helping your student be successful in middle school. This can be done by talking about taking positive risks, how to learn from mistakes and recover from them, how to collaborate with others in a positive manner, setting goals, and having high expectations of themselves.

We are looking forward to a successful school year with our IB learners!
