

Dear Parents and Guardians,

Any student in grades 3-11 will be bringing their assigned Chromebook home with them for use over the summer!

This will provide several advantages for students, such as:

- Access to their Chromebook for summer programs
- Educational materials to enhance learning opportunities
- Continued responsibility of Chromebook care and maintenance
- Immediate access to their Chromebook at the start of the school year

Each student will be responsible for their Chromebook, the charger, and the case in which it comes home. In the event of damage that needs repair or loss that needs to be reported over the summer, devices can be brought to the Akron Public Schools Technology Services Department at 10 North Main Street, Akron, Ohio 44308.

**If you do not wish for the Chromebook to come home with your student over the summer break, you must sign the Opt-out Form below. If your child will not be returning to Akron Public Schools in the fall, an Opt-out Form should be completed.**

If you choose to opt-out of having the Chromebook come home with students, you understand:

- The student's Chromebook will be stored in the building over Summer Break
- Students enrolled in summer programs will need their Chromebooks
- Students will receive the same device in the fall whenever possible

Please contact the school for additional information.

Jessica Sax

---

**I would like for my child's Chromebook to remain stored in the building over the Summer Break. Furthermore, my child is not enrolled in any summer program where a device will be needed.**
