DEAR PARENTS:

Every child can learn. But for a child struggling in school, every day can be discouraging. **As the parent or guardian, you are their best advocate.** However, it is not always easy to know how to ask the school for what your child needs.

Join us for a **free workshop** to learn about what educational services are available to your child and how you can actively work with the school to make sure your child gets the support they need.

After the workshop, you will have a chance to talk one-on-one with a lawyer about your child's situation.
