Dear Parents/Guardians

We can't end the year without some kind of acknowledgement that this is the last hoorah for our 5th graders! To that end, we are planning a "Graduation Car Parade". The teachers and staff will be positioned at the front of the building, while parents and students will parade in their cars down the drive, around the circle, back up to the front of the building. Please maintain your place in line!! At the front of the building, the 5th grade teachers and support staff will be waiting to give the students their "Graduation" remembrances. (Do not exit your vehicle at any time.) It's not the same as a ceremony in the building, but it's a safe way for us to celebrate! Why not go out for ice cream or pizza afterwards to celebrate this rite of passage!
