## District Mission Statement

**“Equipping Students for Their Next Stage in Life”**

The Forsyth School District completed and has made public a “vision plan” for the coming years. In this process, the goal was to identify key components of teaching and learning in the district. The key components were defined as being instrumental in addressing student success. The second step of the project was to identify the guiding principles of the key components. This included the identification of specific goals and objectives of the district were identified. The final step was to identify promising practices. We used data based research in determining many possible solutions to address our guiding principles. We also developed many of the promising practices that we could measure on a yearly basis. The promising practices are implementations that address the objectives of the guiding principles.

The purpose of this vision was to identify where we are as a district and where we want to be. We feel we have the potential to become an elite school district. We have already made several positive changes throughout the district due to the completion of this project. Our purpose is to ensure that we are doing everything in our ability to identify and improve the education of all our

students. Former District Superintendent, Dr. Blevins, shared a favorite quote, "If you keep doing what you have always done, you will keep getting what you have always got." He further stated, "In my opinion, if we stop learning, we stop improving instruction for our students."

If you would like to read the Vision Project, it is available in the school offices or online at the district webpage: [www.forsythpanthers.org](http://www.forsythpanthers.org)

## **Communications**

Ongoing communication between school and home is vitally important. Telephone calls, emails, newsletters, visits, or personal notes are all appropriate ways to communicate initial concerns about grades, behavior issues, or student success. We encourage parents to contact their child's teacher first, then, if necessary, call the elementary office at 417.546.6381 or set up a conference to discuss any questions or concerns. Elementary office hours are 7:30 a.m. to 4:30 p.m. We also have a district webpage available at [www.forsythpanthers.org](http://www.forsythpanthers.org).

## **SIS Parent Link**

The SIS Parent Link provides access to student information such as attendance history, grades, and lunch account balances. To view your child's records on the Parent Link, you must have a valid email address. A unique password will be sent via email. We are unable to provide passwords over the phone. The office and/or classroom teacher may also use this email address to share information pertaining to your child.

## **Emergency Information**

In case of emergency, each student is required to have the following on file:

- Parent(s) or guardian(s) name(s)
- Complete, current address
- Home, work, and cell numbers
- Emergency contact number
- Physician's name and number
- Medical alert information
- Person(s) authorized to pick up

## **Change of Address/Telephone**

It is vitally important that every student maintain an up-to-date address and working telephone number at the office. Please notify the office immediately if you have a change during the school year. This is necessary in the event a child is injured or becomes ill at school.

## **Volunteer Application**

Parents and other volunteers are required to submit a Volunteer Application Form *prior* to attending field trips. The application asks the following questions: Have you ever had findings made against you for domestic violence, abuse, sexual abuse, neglect, exploitation, or financial exploitation of

a child in any legal proceeding? Do you currently have any outstanding criminal charges or warrants for your arrest pending against you? Are you presently under investigation for possible criminal charges? A background check will verify the information given. Our goal is to keep students safe and provide the best possible supervision on field trips.

### **Admission Information**

Any student who will be five (5) years old before August 1<sup>st</sup> may enter kindergarten. Any student who will be six (6) before this date may enter first grade. Any student who has been enrolled in the kindergarten program in another state for a period of not less than sixty (60) days, who will become five (5) during the school year in which he or she is enrolled in kindergarten, and whose parents or guardians establish residence in this district, may be enrolled in kindergarten upon written request by the student's parent or guardian.

Before a student can be admitted to any grade above the first grade, written evidence must be presented that he or she has been promoted to the grade in which he or she is seeking enrollment.

All students entering Forsyth Elementary for the first time must present:

- State birth certificate
- Certificate of immunization
- Proof of address
- Social security number

*Only a parent or legal guardian may enroll a student.*

### **Attendance**

Regular attendance is essential to the learning process of the student; therefore, absences must be kept to a minimum. A student's attendance pattern during his or her school career is determined during the elementary years. This also carries over into the adult life. A responsible child is usually a responsible adult in the workforce. Student absences present a hardship to both the student and the teacher.

If a student is absent because of an emergency or illness, please call the office before 9:00 a.m. on the day of the absence. Every absence must be followed by a note from home stating the nature of the absence. If communication with the school is not made, the principal or secretary will contact the parent. If the absence is excused by the principal or designee, the student will be permitted to make up classroom assignments. Students may be excused for absences due to personal illness, family death or emergency, major religious holidays and official school business, or extracurricular school activities.

Please send a doctor's note for documentation on each day your child misses due to an appointment or illness. New state guidelines require 90% attendance for every student. Home visits may be made if a student nears 90% with no medical verification.

When a student has excessive absences or is in nonattendance, the parent, guardian, or other responsible person is in violation of Section 167.031 of Missouri Public School Law and is guilty of a Class C Misdemeanor as provided in Section 167.061. The school district is required to enforce the Public School Laws of Missouri.

Attendance, by law, is counted in hours. Perfect attendance awards can only be given to those with perfect attendance, which means no minutes were missed from the school day.

### **School Arrival and Dismissal**

The school day begins at 8:00 a.m. and ends at 3:25 p.m. Students *are not* permitted in the school building before 7:40 a.m. due to the lack of supervision. Students are not permitted to remain in the building past 3:25 p.m. unless requested to do so by a teacher or principal or if participating in a supervised activity.

*Leaving School Early.* A full day's learning is planned for each child; therefore, children should not leave school before dismissal time unless an emergency occurs. Early pickup will be documented and will count against attendance. Staff members shall not excuse any student from school prior to the end of the school day or into any person's custody without the direct prior approval and knowledge of the building principal or designee. In keeping with these precautions, the following procedures will be followed:

- The building principal or designee shall not excuse a student before the end of the school day without a request for early dismissal from the student's parent or guardian.
- Telephone requests for early dismissal shall be honored only if the caller can be positively identified as the student's parent or guardian.
- Children of single parent families will be released only upon the request of the custodial parent (the parent whom the court holds directly responsible for the child and who is identified as such on the school records.)

*Arriving Late.* Any child arriving after 8:05 a.m. will be counted tardy. The child and parent or guardian **MUST** report to the office to explain the lateness and receive an admission slip to his or her classroom. Excessive tardiness may result in an after school detention being assigned.

*Early Dismissal.* The Superintendent of Schools may dismiss school or notify parents when Alternative Methods of Instruction (AMI) are being utilized as a result of inclement weather, mechanical

failure, or other emergencies that may arise. An ADT alert call will be made to the contact numbers on file advising parents of the early dismissal. The announcement will also be made over major radio and television stations in Springfield and Branson. If early dismissal occurs, children will be sent home on the bus as usual. If you would like us to follow an alternate procedure, please send a note to the office. We are UNABLE to make personal phone calls due to the number of children affected.

*Change in Dismissal Procedure.* We are unable to make a change in your child's normal dismissal procedure after **2:00 p.m.** Therefore, it is very important the office is notified before that time if your child is to do something different after school. This helps to ensure that communication regarding the change is made to the appropriate staff. If a child is going home with another student, both families must send a note giving permission. No child is allowed on any bus other than his or her regular bus without a note from a parent or guardian and a bus pass authorized by the office.

### **General Rules of Conduct**

Students should not be in the office or other classrooms unless they have permission. Student may not bring animals to school without prior permission from the principal. Animals cannot be transported on the bus. Students may not bring electronic devices such as, but not limited to, CD players, MP3 players, iPods, and cell phones without special permission to do so. Electronic items will be confiscated and held in the office. Students should not bring toys to school without permission from the teacher. The Forsyth School District is not responsible for the damage, theft, or loss of personal property on school grounds. Students will not be allowed to chew gum in school.

### **Health Regulations and Services**

School personnel will check vision and hearing at scheduled times during the school year.

### **Medication Procedures**

The Missouri State Board of Nursing issued an opinion for the administration of medicines in schools. Therefore, Forsyth Elementary has adopted the following policies for dispensing medications at school:

- Medications must be prescribed by a person licensed by a state regulatory board to prescribe medication.
- The prescription must be in the form of written orders, written protocols, or written standing orders and must be in the original container with the directions for administering here at school on the container.

Over the counter medications may be given with written permission from the parent or guardian. A student's need for non-prescription medication will be assessed by an RN, LPN, or delegated personnel.

- Dosage of the non-prescription medication will be administered according to the manufacturer's package instructions for age and weight.
- The parent or guardian is responsible for providing the non-prescription medication needed and it must be in the original container.
- The parent or guardian must bring the medication to school and give it directly to the nurse. Medication cannot be transported on the bus.

No student will be permitted to attend school with has a contagious disease, lice, scabies, pink eye, or impetigo. The school may require a student suspected of having a disease to be examined by a physician and to provide a written statement of health before re-entering school. Any student not complying may be excluded from school.

### **Emergency Medications**

All student-occupied buildings in this district are equipped with prefilled epinephrine auto syringes and asthma-related rescue medications. The school nurse or another employee trained and supervised by the school nurse may administer these medications when they believe, based on training, that a student is having a life-threatening anaphylactic reaction or life-threatening asthma episode. A prescription or written permission from a parent/guardian is not necessary to administer this medication in an emergency situation. If you do not want these medicines administered in an emergency please notify the district in writing.

### **Immunizations**

The school is required, by law, to see that all students are properly immunized against Polio, Diphtheria-Tetanus, Rubella (old fashioned or hard measles), and Rubella (3 day measles.) As mandated by Missouri law, the name of any parent who neglects or refuses to permit a non-exempted child to be immunized will be reported to the Missouri Division of Health upon enrollment. There are the following exceptions:

- A child may be exempted from immunizations for medical reasons by placing a Medical Immunization Form on file with the child's immunization record. This must be signed by a physician.
- A child may be exempted for reasons of religious tenets by placing a Religious Immunization Exemption Form on file with the child's immunization record. This must be signed by the parent or guardian and renewed annually.

- Students who are incompletely immunized may continue to attend school as long as they are making satisfactory progress. An Immunization in Progress Form, signed by a physician, must be on file in the child's immunization record.

### **Illness**

If a student becomes too ill to remain in class, we will attempt to reach you by phone and recommend that you come to school and pick up your child. It is important we have an updated and working phone number on the emergency contact list. The nurse has a temporary facility to help comfort the sick child while he or she is waiting to be picked up. Transportation cannot be provided for sick children. If your child is ill, please do not send him or her to school. Students must remain *fever free*, without medication, for 72 hours before returning to school.

### **Dress Code**

We expect students to maintain an appearance that is not distracting to teachers or other students or in any way disrupts the instructional program of the school. We are also concerned about clothing which may be hazardous to the health and safety of the student. Clothing which is not appropriate for school wear includes: shirts with offensive language or language that encourages drug, alcohol, or tobacco use, halter tops, spaghetti straps, or tube tops. Students should not wear shoes with wheels, or shoes with heels higher than one inch. No hats or ball caps will be worn in the building. Students may wear loosely fitting shorts that hit midway between the top of the leg and the knee or longer. Cut-off jeans are not acceptable. Girls may wish to wear shorts under skirts for physical activity. Please send appropriate outerwear with your child. Cold weather requires warm coats, gloves, and hats.

If a student's appearance is felt to be disruptive to learning, the student may be sent home to change or a parent conference will be arranged. The student may be asked to wear a school provided shirt over any shirt that is questionable.

### **Educational Trips**

All educational trips are supervised by school personnel. Classroom teachers may request additional parent supervision. However, other children are not allowed to accompany parents on the trip. At times, a fee may be requested for admission/food costs. Transportation is provided for students and school personnel only. These trips are designed to supplement different aspects of the curriculum and to introduce students to the resources of the community. Parents will receive notices of field trips in advance of the scheduled trip date and will be asked to sign permission forms. A student will not be allowed to attend a field trip on their first day of attendance.

## **Fire and Disaster Drills**

Mandated fire and disaster drills are conducted during the school year. In compliance with regulations, the Forsyth School District has established procedures to be carried out in evacuating and protecting the students. The district will conduct emergency drills as required by law and policy and will ensure that the number of emergency drills conducted are sufficient to give instruction and practice in proper actions by staff and students during lockdown, shelter-in-place and evacuation. Materials prepared by the Federal Emergency Management Agency that develops public awareness and understanding of earthquakes and explains safety measures to be taken are distributed to teachers. Emergency exiting procedures will be posted near the door in each building.

## **Hazing and Bullying**

In order to promote a safe learning environment for all students, the Forsyth R-III School District prohibits all forms of hazing, bullying, cyberbullying, and student intimidation. Students participating in or encouraging inappropriate conduct will be disciplined in accordance with JG-R1. Such discipline may include, but is not limited to, suspension or expulsion from school and removal from participation in activities. Students who have been subjected to, or witness of hazing, bullying, or cyberbullying are instructed to promptly report such incidents to a school official. Bullying Incident Report Forms will be available for students to record bullying information.

In addition, district staff, coaches, sponsors and volunteers shall not permit, condone or tolerate any form of hazing or bullying or plan, direct, encourage, assist, engage or participate in any activity that involved hazing or bullying. District staff will report incidents of hazing, bullying, or cyberbullying, to the building principal within two (2) school days. The principal who receives the report will investigate all complaints of hazing, bullying and cyberbullying within two (2) school days, and shall administer appropriate discipline to all individuals who violate this policy. The investigation shall be completed within ten (10) school days from the date of the written report of bullying unless good cause exists to extend the investigation. District staff who violate this policy may be disciplined or terminated. Any person who engages in reprisal or retaliation against an employee or student who reports an act of bullying shall be subject to disciplinary action.

The superintendent will provide for appropriate training designed to assist staff, coaches, sponsors and volunteers in identifying, preventing and responding to incidents of hazing and bullying.

The district shall annually inform students, parents, district staff, and volunteers that hazing and bullying is prohibited. This notification may occur through the distribution of the written policy, publication in handbooks, presentations at assemblies or verbal instructions by the coach or sponsor

at the start of the season or program. This policy shall also be posted on the District's web page (as Board Policy) and a copy shall be placed in the District Administrative Office. The address of the Department of Elementary and Secondary Education website on the Trauma-Informed Schools Initiative to parents/guardians is located at:

<https://dese.mo.gov/college-career-readiness/school-counseling/bullying-suicide-prevention-and-trauma-informed>

## **Definitions**

**Hazing** - For [purposes of this policy, hazing is defined as any activity, on or off school grounds, that a reasonable person believes would negatively impact the mental or physical health or safety of a student or put the student in a ridiculous, humiliating, stressful or disconcerting position for the purposes of initiation, affiliation, admission, membership or maintenance of membership in any group, class, organization, club or athletic team including, but not limited to, a grade level, student organization or school-sponsored activity. ### **Insurance**

It is recommended that each parent provide insurance to cover injuries sustained by their child during the school day. Student insurance is available for a nominal fee at the beginning of each school year.

### **Internet and Computer Access**

Forsyth Elementary offers access to networked computer resources to staff and students. The operation of the internet depends heavily on the proper conduct of its users, who must adhere to strict guidelines. If a district user violates provisions outlined in the acceptable use policy, his or her computer privileges may be suspended and future access will be restricted. Some violations may result in legal action.

### **Lost and Found**

Lost articles are turned in to the office. Your child needs to check with the office immediately if an article is missing. Labeling articles of clothing or other items will help in identification.

### **Publication Notice**

Throughout the school year, photos and videos of your child and your child's name may be used in various newspapers, newsletters, electronic media, etc. If you do not want your child's name published, please fill out a No Publication Form in the office.

### **Report Cards**

Report cards are distributed every nine (9) weeks. Grades reflect the child's performance against grade level objectives. Students may be retained if they do not pass basic skill objectives at their grade levels. If there are any questions about your child's report card, please contact his or her teacher immediately. Progress reports will be sent at mid-quarter to make the parent aware of a student not performing up to his or her capabilities. Grades may also be checked on the SIS Parent Link.

### **Testing and Assessments**

All students in grades 3 and 4 will take Missouri Grade Level assessments which correlate to their grade level and courses of study. In grades 3-8, students take Grade Level Assessments (GLA) in the areas of English Language Arts (ELA) and Mathematics. All

students in attendance on test administration days will take these assessments with the exception of the following exemptions: · Students whose IEP teams have determined that the MAP-A is the appropriate assessment. · English Language Learners (ELL) who have been in the United States 12 months or fewer at the time of the administration may be exempt from the ELA portion. Additionally, students will take benchmark assessments throughout the year to guide instruction and provide information on academic growth. A district assessment calendar will be available the beginning of the school year and assessment results will be made available to parents.

### **School Activities**

You are invited to attend school activities whenever possible. Participating enables you to become more involved with the school and lets your child know that you are interested in their education.

### **Speakers at School Activities**

Outside/student speakers are speaking as individuals, and their speech does not reflect the endorsement, sponsorship, position or expression of the Forsyth School District.

### **School Meals**

The school cafeteria is maintained as a vital part of the health program of the school. To encourage good nutrition, well-balanced meals are offered at reasonable prices. Breakfast will be served beginning at 7:50 a.m. each morning.

Students may buy their meals or bring them from home. No soda may be brought from home or purchased at school during school hours.

Please place your child's lunch money in a school provided envelope with the front completed or parents can pay online through the portal. Each student has a lunch ID number that is utilized daily. Students will not be able to charge lunches or extra milks. Families may request an application for free or reduced lunches in the office. Meal prices are subject to change after handbook printing.

### **Meal Charges**

Unless meals are provided at no charge, the district expects students to pay for meals prior to or at the time of receipt. The ability to charge is a privilege, not a right, and is subject to the limitations established in Policy ADF-AP1. #### *Concerns and Complaints Regarding Federal Programs*

Forsyth R-III receives funds under the federal Elementary and Secondary Education Act (ESEA) and is required to follow statutes and regulations regarding the programs governed by the ESEA. The district will use the following process to address specific allegations that the district has violated a federal statute or regulation regarding a program under the ESEA:

1. The person with the complaint ("complainant") must present a written complaint to the superintendent or designee that specifies the federal law or regulation alleged to have been violated and the facts supporting the allegation. Alternatively, the Department of Elementary and Secondary Education (DESE) will forward a complaint from a complainant to the district for resolution. The superintendent or designee will investigate and provide a written response to the complainant within five business days of receiving the complaint unless additional time is necessary to investigate or extenuating circumstances exist. The superintendent or designee is authorized to contact the district's private attorney for assistance in determining whether a violation has occurred.
2. If the complainant is not satisfied, he or she may request that the issue be placed on the Board agenda at the next Board meeting, using the process outlined in Board policy. The superintendent or designee will notify the complainant of the Board's decision and will provide the complainant a copy of DESE's Every Student Succeeds Act of 2015 (ESSA) Complaint Procedures.
3. If the Board does not hear the issue or if the complainant is not satisfied with the Board's response, the complainant may appeal the issue to DESE in accordance with DESE's complaint procedures.

### *Documentation and Release of Information*

The district will maintain a copy of the complaint, a written record of the investigation and documentation of any written resolution, when applicable, in accordance with law. The superintendent or designee will complete a written summary of the investigation and, if a violation has occurred, a description of how the matter was resolved. If the complaint was first filed with DESE, the written summary must be completed within 35 calendar days of the complaint being filed with DESE and must be submitted to DESE.

The summary will be released upon request when required by law. The superintendent or designee will have the district's attorney review the documents before they are released to DESE, the complainant or any other person to protect the confidentiality of legal advice.

### *Prohibition against Retaliation*

The Board strictly prohibits discrimination or retaliation against any person for bringing a concern to the attention of the district or participating in the complaint process. This prohibition extends to relatives and others associated with the person who brought the concern or complaint. The Board directs all district employees to cooperate in investigations of complaints.

### *Annual Asbestos Notification*

Asbestos is an issue we have been dealing with for many years. The Asbestos Hazard Emergency Response Act of 1986 (referred to as AHERA) was enacted by Congress in 1987. AHERA was enacted to determine the extent of and develop solutions for any problems schools may have with asbestos.

To give you some background, asbestos has been used as a building material for many years. It is a naturally occurring mineral that is mined primarily in Canada, South Africa, and the USSR. Asbestos

properties made it an ideal building material for insulating, sound absorption, decorative plasters, fireproofing, and a variety of miscellaneous uses. There have been over 3,000 different products made using asbestos materials. EPA began action to limit uses of asbestos products in 1973 and most uses of asbestos products as building materials were banned in 1978.

We continuously have our facilities inspected by our LEA Rep., as required by AHERA. Soon our facilities will be re-inspected by a qualified asbestos Inspector/Management Planner as required by AHERA every three years. The inspectors inspect all areas that were classified or assumed to be asbestos. The inspections to this date revealed no changes and that all areas were in good condition.

A copy of the asbestos management plan is available for your inspection in our administrative offices during regular office hours. Our Asbestos Program Manager will answer all inquiries regarding this plan.

We will continue to implement the asbestos management plan. We are intent on not only complying with, but exceeding federal, state, and local regulations in this area. We plan on taking whatever steps are necessary to insure your children and our employees have a healthy, safe environment in which to learn and work.

### *Surrogate Parent Program*

Pursuant to the requirements of state law, the State Board of Education is required to appoint a surrogate parent at such time as it becomes evident that a child with a disability does not have a parent or a person acting as a parent to participate in matters dealing with the provision of special education.

For purposes of surrogate parent appointment, "parent" is defined as a biological parent, a guardian, or a person acting as a parent of a child including, but not limited to, a grandparent, a stepparent, or a foster parent with whom the child lives. The term does not include the State if the child is a ward of the State. The term does not include a person whose parental rights have been terminated.

The local school district is given the responsibility to determine when a child with a disability who requires special education and who resides in the district is without a parent. The district must notify the Missouri Department of Elementary and Secondary Education of the need to appoint a surrogate parent. Training for persons serving as surrogate parents will be provided by the Missouri Department of Elementary and Secondary Education and the District.

If you are interested in volunteering to serve as a surrogate parent, more information can be obtained from the district's Director of Special Services at 417.546.6384.

### *Forsyth RIII School District Grievance Procedure Title VI, Title IX, Section 504*

Students, parents of students, or employees have the right to file a formal complaint alleging noncompliance with regulations outlined in Title VI of the 1964 Civil Rights Act, Title IX of the Education Amendments of 1972, and Section 504 of the Rehabilitation Act of 1973.

Level One – Principal or Immediate Supervisor (Informal and Optional – may be bypassed by the grievant) – Employees with a grievance of nondiscrimination on the basis of sex, race, national origin or disability may first discuss it with their principal or immediate supervisor, with the objective of resolving

the matter informally. A student or parent with a complaint of discrimination on the basis of sex, race, national origin or disability may discuss it with the teacher, counselor or building administrator involved.

Level Two – Title IX and Section 504 Coordinator(s) – If the grievance is not resolved at level one and the grievants wish to pursue the grievance, they may formalize it by filing a written complaint on a Compliance Violation Form, which may be obtained from the Title IX and Section 504 Coordinator. The complaint shall state the nature of the grievance and the remedy requested. The filing of the formal, written complaint at level two must be within fifteen (15) working days from the date of the event giving rise to the grievance or from the date the grievants could reasonably become aware of such occurrence. The grievants may request that a meeting concerning the complaint be held with the Title XI and Section 504 Coordinator who shall investigate the complaint and attempt to solve it. A written report from the Compliance Office regarding action taken will be sent within fifteen (15) working days after receipt of the complaint.

Level Three – Superintendent – If the complaint is not resolved at level two, the grievants may proceed to level three by presenting a written appeal to the Superintendent within ten (10) working days after the grievants receive the report from the Title IX and Section 504 Coordinator. The grievants may request a meeting with the Superintendent or his/her designee. The Superintendent or his/her designee has the option of meeting with the grievant to discuss the appeal. A decision will be rendered by the Superintendent or his/her designee within ten (10) working days after receiving the written appeal.

Level Four – Board of Education – If the complaint is not resolved at level three, the grievants may proceed to level four by presenting a written appeal to the President of the Board of Education within ten (10) working days after the grievants receive the report from the Superintendent. The grievants may request a meeting with the grievant to discuss the appeal. A decision will be rendered by the Board of Education at their next regularly scheduled meeting. The grievant will be notified in writing of their decision within ten (10) working days after the Board of Education action.

This procedure in no way denies the right of the grievants to file formal complaints with the Missouri Civil Rights Commission, the Office for Civil Rights, or other agencies available for mediation or rectification of rights grievances, or to seek private counsel for complaints alleging discrimination.

*Standard Complaint Resolution Procedure  
For No Child Left Behind Programs*

This complaint resolution procedure applies to all programs administered by the Missouri Department of Elementary and Secondary Education under the No Child Left Behind Act (NCLB).

A complaint is a formal allegation that a specific federal or state law or regulation has been violated, misapplied, or misinterpreted by school district personnel or by Department of Education personnel.

Any parent or guardian, surrogate parent, teacher, administrator, school board member or any other person directly involved with an activity, program, or project operated under the general supervision of the Department may file a complaint. Such a complaint must be in writing and signed; it will provide specific details of the situation and indicate the law or regulation that is allegedly being violated, misapplied, or misinterpreted.

The written, signed complaint must be filed and the resolution pursued in accordance with local district policy:

If a complaint has been made and appealed in accordance with administrative procedures, the parent/guardian or member of the public may appeal the issue to the Board by submitting a written request to the superintendent or the secretary of the Board. The Board will address the complaint in an appropriate and timely manner.

If the issue cannot be resolved at the local level, the complainant may file a complaint with the Missouri Department of Education. If there is not evidence that the parties have attempted in good faith to resolve the complaint at the local level, the Department may require the parties to do so and may provide technical assistance to facilitate such resolution.

Any persons directly affected by the actions of the Department may file a similarly written complaint if they believe state or federal laws or regulations have been violated, misapplied, or misinterpreted by the Department itself. Anyone wishing more information about this procedure or how complaints are resolved may contact local district or Department personnel.

2. Have the school district advise you of your rights under federal law;

4. Have your child receive a free appropriate public education. This includes the right to be educated with non-disabled students to the maximum extent appropriate. It also includes the

6. Have your child educated in facilities and receive services comparable to those provided non-disabled students;

16. Request an impartial due process hearing related to decisions or actions regarding your child's identification, evaluation, educational program, or placement. You and the student may take part in the hearing and have an attorney present for you;

#### *Human Sexuality Curriculum*

The district is required to notify the parent/guardian of each student enrolled in the district of the basic content of the district's human sexuality instruction to be provided to the student and of the parent's/guardian's right to remove the student from any part of the district's human sexuality instruction. The district is required to make all curriculum materials used in the district's human sexuality instruction available for public inspection as a public record prior to the use of such materials in actual instruction.

The district is required to teach students the characteristics of and ways to identify sexual predators, the safe and responsible use of the internet, including the dangers of online sexual predators, the potential consequences of inappropriate texting, and the importance of open communication with responsible adults regarding any inappropriate situation, activity or abuse. These lessons are delivered through the Guidance and Counseling Department.

#### *Searches by School Personnel*

School lockers, desks and other district property are provided for the convenience of students and, as such, are subject to periodic inspection without notice. Student property may be searched based on reasonable suspicion of a violation of district rules, policy or law. Reasonable suspicion must be based on facts known to the administration, credible information or reasonable inference drawn from such facts or information. Searches of student property shall be limited in scope based on the original justification of the search. The privacy and dignity of students shall be respected. Searches shall be carried out in the presence of adult witnesses and not in front of other students, unless exigent circumstances exist.

The administration will contact law enforcement officials to perform a search if the administration reasonably suspects that a student is concealing controlled substances, drug paraphernalia, weapons, stolen goods or evidence of a crime beneath his or her clothing and the student

refuses to surrender such items. Law enforcement officials may be contacted for assistance in performing a search in any case in which a student refuses to allow a search or in which the search cannot safely be conducted.

School employees and volunteers, other than commissioned law enforcement officers, shall not strip search students, as defined in state law, except in situations where an employee reasonably believes that the student possesses a weapon, explosive or substance that poses an imminent threat of physical harm to the student or others and a commissioned law enforcement officer is not immediately available. If a student is strip searched, as defined in state law, by a school employee or a commissioned law enforcement officer, the district will attempt to notify the student's parents/guardians as soon as possible.

During an examination, and if reasonable under the circumstances, school employees may require students to empty pockets or remove jackets, coats, shoes and other articles of exterior clothing that when removed do not expose underwear. Employees may also remove student clothing to investigate the potential abuse or neglect of a student, give medical attention to a student, provide health services to a student or screen a student for medical conditions.

#### *School Resource Officers*

The school resource officer (SRO) may interview or question students regarding an alleged violation of law. A school resource officer may also accompany school officials executing a search or may perform searches under the direction of school officials.

#### *Staff/Student Relations*

Staff members are expected to maintain courteous and professional relationships with students. All staff members have a responsibility to provide an atmosphere conducive to learning through consistently and fairly applied discipline and the maintenance of physical and emotional boundaries with students. These boundaries must be maintained regardless of the student's age, the location of the activity, whether the student allegedly consents to the relationship or whether the staff member directly supervises the student. Maintaining these boundaries is an essential requirement for employment in the district.

Although this policy applies to the relationships between staff members and district students, staff members who inappropriately interact with any child may be disciplined or terminated when the district determines such action is necessary to protect students.

### **Discipline**

In order for 400+ people to learn to live and work together in a production and safe environment, appropriate behavior is necessary. The school district, the building, and each classroom has established realistic and reasonable guidelines for all students to follow so that learning can take place without disruption. The Forsyth RIII School Board has mandated an Elementary Student Discipline Policy which each family will find included in this handbook. Parents and students should read and discuss this publication. Please take note that specific guidelines are established for follow-up of infraction of these rules within the code. Minor problems are handled in a routine manner by the classroom teacher through discussions with the student. Repeated disruptive incidents will be handled by an office referral. In most cases, parents will be contacted regarding this. Your cooperation and understanding is essential.

The schools are established for the benefit of all students. The educational purpose of the schools is accomplished best in a climate of student behavior which is socially acceptable and conducive to learning and teaching processes. Student behavior which disrupts this process or infringes upon the rights of other individuals will NOT be tolerated.

Pupils may be required to stay after regular dismissal time (detention) for the purpose of making up work or as a penalty for bad behaviors or tardiness. School personnel who assign detentions must provide parents notice 24 hours in advance for the detention. Parents are responsible for the child immediately after dismissal from detention. School personnel assume no responsibility for pupil's transportation from the school to their home.

It is the objective and policy of the school to recognize, preserve, and protect the individual rights of all students yet encourage and enforce these rights within the necessary framework of any orderly, efficient, and continuing school program. The staff and board members take great pride in the behavior and respect displayed by students, and it is expected that students will continue to behave in a positive manner in the future.

In order to guarantee your child, and all students in the classroom, the excellent learning climate they need and deserve:

- Each teacher will post the rules of acceptable behavior in their classroom,
- Each teacher will make ALL students aware of the rules the first day of school,
- Students shall be made aware of the consequences for violating classroom rules.

### **Alternate Method of Instruction (AMI)**

The Missouri Department of Elementary and Secondary Education has given schools the ability to make up school closure for up to 36 hours without having to schedule a makeup day. This plan, called AMI or Alternative Methods of Instruction, will be utilized by the Forsyth School District in the event of inclement weather, health concern, exceptional emergency circumstances, or natural disasters.

The goal of the AMI plan is to provide uninterrupted exposure to concepts and skills that students will use to achieve mastery of objectives and standards. Consistent practice and exposure to skills without interruption is the most effective way to ensure student understanding and mastery of content knowledge.

We will notify all parents/guardians via school outreach calls/text and social media postings in the event of school closures. In order for these AMI days to be counted for attendance and not made up, each student will be required to complete the work for that particular day.

### **Suicide Awareness and Prevention**
