THE INBETWEEN YEARS

**Please don't call me a little kid –
I'm much too big for that.**

**Come September, I'm going to Middle School –
they say that's where it's at.**

**Somehow I'm a little frightened –
could it be the stories I have heard?**

**My brother said you've got to look real cool
and not look like a nerd.**

**Do they really put 6th graders in lockers or
take away their books?**

**I hope I don't get lost on the first day –
is this place as big as it looks?**

**I'm confused a little about puberty
will I know when it's gonna start?**

**I'm too embarrassed to ask my questions
but I don't want my brain to be in the dark.**

**I'd like to stand on my own two feet
maybe with my folks not too far behind.**

**And if I make some silly mistakes
I hope they will be kind.**

**I guess I'll make the best of the changes
I'll face them one day at a time.**

**With the love and help of my folks, teachers
and friends –**

I know I'll be just fine.

NEW YORK STATE LEARNING STANDARDS AND TESTING PROGRAM

The New York State Board of Regents has set higher learning standards for all students. To reach these standards, middle school and high school tests will measure student achievement in many areas.

In the middle school, your children will be required to take New York State examinations in:

Mathematics Assessment	Grade 6, 7
English Language Arts Assessment	Grade 6, 7, and 8
Integrated Algebra Regents Exam	Grade 8
Earth Science Regents Exam	Grade 8
Locally created Assessments in Social Studies & World Language	Grade 8

CLUSTER MEETINGS

Teachers are available on both an individual and team basis to meet with parents. These conferences are ***by appointment*** and can be made by contacting the ***Guidance Office***. If requested, and if appropriate, a counselor and/or an administrator can be present.

There should never be a time that a parent feels “out of the loop”. The lines of communication are there if you avail yourself of them. No issue, question, or concern is too large or too small.

BUS TRANSPORTATION

Bus transportation is provided for **sixth grade** students living further than .8 miles from the school and **seventh and eighth grade** students living further than 1.3 miles from the school. **A bus pass is necessary.**

Sixth grade students who are eligible for transportation *will receive a bus pass in the mail during the month of August.* Consult the August issue of “Your Schools” on the District website @ rvcschools.org for the closest bus stop and pick up time.

Late buses are available to eligible bus riders each day at **3:40 PM**, and **5:00 PM**. These buses do an **all district** route and **do not** stop at all of the regular stops for each bus route.

The all district bus stops include:

Milburn St. @ Raymond St.
Brevoort Pl. @Buckingham Rd.
Rockwin Rd. @ No. Woods Rd.
McDermott Rd. @ Long Beach Rd.
Stratford Rd. @ Long Beach Rd.
Christie St. @ Long Beach Rd.

INTRAMURALS

These activities are available throughout the school year. They provide opportunities for team sports, individual sports, and personal improvement. They are held after school at 2:45 PM. Activities include:

Basketball Volleyball
Weight Training

INTERSCHOLASTIC SPORTS

Interscholastic sports are available to those students who seek a higher level of competition. *Sixth graders* are prohibited from participation as per New York State Education Law. Tryouts, team meetings, etc., are announced and posted. Physical exams are necessary. There are four sports seasons at the middle school level.
