School Related Professionals Day:

Tuesday, Nov. 16 was National School Related Professionals Day. This is a day to celebrate the contributions of all school-related employees, such as support staff, clerical workers, school bus drivers, school health professionals, communications professionals, and more. Our schools simply could not operate well without their talents and dedication.

Getting Good News Out:

We are calling on our school community to help us highlight the wonderful people, accomplishments and events that deserve to be recognized. Let us know about the great things that are happening inside and outside of our school buildings by completing this [Google Form](#). From a teacher who is going above and beyond for their students, to students who are volunteering their time for a great cause, we want to hear about it all!

Educating, empowering, and challenging all students to become productive, global citizens through innovative approaches to learning.
