Updated DOH Guidance for Summer Programs:

The BCSD summer school programming will begin next week. Students who are participating will be doing so under the recently released NYS Department of Health (DOH) Guidance for Summer Programs.

Students across all summer programs will NOT be required to wear masks during summer classes, inside or outside regardless of vaccination status, according to the DOH. Students may wear masks at any time if they wish. However, the revised guidelines state that unvaccinated children (which currently includes all students under 12) must wear face coverings on buses.

Unvaccinated faculty and staff must *wear a mask at all times* while indoors only. Social distancing will be maintained.

The above information applies to the 2021 summer session only, and the DOH has stated that additional information will be shared soon regarding the 2021-2022 school year. If you have any further questions, please contact Mr. Eric Wilson, Executive Director of Human Resources and Operations at 607-762-8100. Thank you for your continued cooperation.

Educating, empowering, and challenging all students to become productive, global citizens through innovative approaches to learning.
