

Mental Health and Social-Emotional Support

Ms. Tia Rodriguez (Director of Special Services) and Mr. Eudes Clarke, Assistant Principal, BHS)

ERIN THOMPSON-MILLER JAN 13, 2022 01:49PM

I suggest hiring more nurses and paying nurses a higher salary.

Patriot Period and over 40 clubs and activities for students to participate in. – ANONYMOUS

There were presentations made in Patriot Period to identify clubs that are available for students. This can be made available to parents/caregivers so they see the opportunities available. – ANONYMOUS

quarterly town hall

How can we publish the supports that BHS does have so that the community and parents can be more aware? More face to face community groups, posters, PR etc.

Town hall meetings – ANONYMOUS

I'd like to see a social worker that students can speak with via phone in (not needing to be face to face)

To offer more privacy to student – ANONYMOUS

Is there any way that we can find patterns or understand root causes of conflicts, fighting, violence in order to learn from it and develop programs to assist?

Is there any way that we can make every student feel like they are part of a smaller group, in order to help them feel more connected to the school? A smaller cohort that they can turn to?

Support Service Info

Many parents and students are unaware of the supports available for mental health services at the school.

Is there is list of the continuum of services available for students in school dealing with a crisis situation or for parents struggling with their child's behavior at school or at home?

There are online versions of therapy now- with the minimal number of social workers and the private nature of students, would this be a way to provide students an alternate safe space to talk?

Is there a suggested ratio of social workers and psychologists to students?

Hello Everyone!

Are there services for LGBTQ students? Support groups?

The GSA club does meet at least 1 time a month and has guest speakers also come in. – ANONYMOUS
