

BOLTON CENTRAL SCHOOL

26 HORICON AVENUE
BOLTON LANDING, N.Y. 12814

December 6, 2021

Dear Bolton Central School Families,

We remain committed to operating in a safe manner with our primary protocols of maintaining social distancing to the degree possible, and diligent mask wearing by all. COVID has certainly become a part of our daily routine, but we continue to offer academic programs as well as extra-curricular opportunities in the safest manner possible.

That being said, positive cases in our community have become a regular occurrence. Bolton Central School is an active part of the community and the incidents of positive cases follow suit. New York state has created a website that tracks and reports COVID-19 positive data for schools. The information includes students, teachers and staff enrolled in the school district and is either shared by the parent/guardian of the student, notified by teachers and other staff, or communicated by the local health department.

At this time, we recommend that community members check <https://schoolcovidreportcard.health.ny.gov/#/home> for more details. Please keep in mind that there may be a lull between when information is provided and when it appears on this New York state resource.

Please note that the Health Insurance Portability and Accountability Act (HIPAA) as well as other privacy laws prohibit us from disclosing or confirming any personally identifiable information. We will not identify anyone who has tested positive.

We thank you for your continued support.

Sincerely,

Michael J. Graney
Superintendent
