

THE

SCHOLARSHIP

System

Dear Parents and Guardians,

As we kick off the new school year, we are continuing to support your students in their path to college and beyond. We know that one of the biggest obstacles is paying for college. That is why we are excited to share an incredible resource with you for this upcoming school year.

Spartanburg County School District 2 has invested in **The Scholarship System**, a 6-step system to teach students the skills they need in order to secure scholarships for college and graduate with as little student loan debt as possible.

First, we have purchased enough books for all juniors and seniors to receive one for **free**. In this book, you will learn:

- Where to find legitimate scholarships
- How to identify (and avoid) potential scholarship scams
- How to write a scholarship-winning essay (even if your student hates writing)
- Tricks to increase their chances of winning
- And so much more.

Second, while all students will receive a copy of the book, we have secured **100 free spots** for families to access their **complete online course**. The online course (valued at \$697) contains step-by-step videos to walk you and your student through the scholarship process. It includes workbooks, tools, cheat sheets, and many other tools to help make the process as easy as possible. You can learn more at <https://thescholarshipssystem.com/spartanburg2>.

To ensure that families make the most of this resource, we decided to ask families to apply for one of the 100 free spots. To apply for access to The Scholarship System course, please submit your information at the link below: <https://thescholarshipssystem.com/spartanburg2>

The deadline to apply for one of the free course logins is **October 10, 2021**. Selected families will be notified by the end of October.

We hope you take advantage of this amazing resource. **It is never too early to begin applying for college scholarships. It is also never too late.** With The Scholarship System, you can follow a proven, step-by-step system to help your student work towards a debt-free degree.

We wish you all the best,
Boiling Springs High School,
Chesnee High School,
Spartanburg County School District 2,
& The Scholarship System Team
