

Valedictorian and Salutatorian

There are some changes for the qualifications for Valedictorian and Salutatorian beginning with the class of 2019.

The criteria for valedictorian(s) will be as follows:

- 4.0 GPA or higher based on a weighted GPA scale through the end of trimester two of the senior year;
- All "A" grades in graded classes (including AP and honors courses); and
- Student must also have met the requirements for a Cascade High School Honors Diploma.

A salutatorian will be recognized if there is only one student qualifying for valedictorian. If there are two or more valedictorians in a given year, no additional salutatorian will be honored. The salutatorian will be the next highest grade point average as computed at the end of trimester two of the senior year.
