1.0 RATIONALE

- 1.1 Bluewater District School Board policies will support and provide direction necessary to achieve the board's Vision, Mission and Strategic Plan priorities.
- 1.2 Bluewater District School Board recognizes the inherent value that technology, when used in the appropriate manner, can bring support to the organization's daily operating activities, student achievement, and the well-being of both staff and students.

2.0 POLICY

- 2.1 It is the policy of Bluewater District School Board to provide electronic information technology for use by students and staff. The use of electronic information technology will be governed by guidelines and procedures, as approved by the Director of Education.
- 2.2 It is expected that electronic information technology and electronic information technology services supplied by the board will be used in a responsible and appropriate manner. This includes, but is not limited to, all board-provisioned technology and personal technologies connecting to the board's network and accessing board technology services such as the Internet, email and collaboration tools.
