

Summer School Camp

Grade 7 and 8

Intermediate Math and Literacy Programs

Attend one camp or both!

In-person learning at Owen Sound District Secondary School

750 9th Street West, Owen Sound

Transportation is provided

Session 1

July 5 to July 19

8:30 a.m. to 1:30 p.m. daily

Session 2

July 21 to August 5

- Work in a small group environment to build confidence and understanding of math and literacy concepts
- Take advantage of opportunities to reinforce concepts by making and creating activities

Reach Ahead

Grade 8 students may earn a secondary credit through the 'reach ahead' option, which allows students to ease their timetable and provides flexibility in scheduling. Ask your school guidance counsellor for details.

Summer School Camp Options

Maker Math Camp

- Focus on the big concepts in number sense and algebra
- Enjoy opportunities to learn, create, and explore math through the subjects of science, technology, engineering, and the arts (STEAM)
- Develop new learning skills to prepare for secondary school as a confident, active learner
- Work with a numeracy teacher to strengthen math skills

Epic Journey Literacy Camp

- Focus on reading comprehension, skills, and strategies
- Develop core literacy skills, and social emotional learning skills based on student interests
- Engage in a variety of writing activities
- Enjoy opportunities to learn, and explore literacy through creative activities
- Work with a reading teacher to strengthen reading skills

Landing Success Indigenous Grade 8 Program

Students who self-identify as Indigenous are invited to attend a unique program using a land-based approach to literacy, numeracy, and science.

Students may earn a reach ahead GLS20 credit.

- Work with Elders and local artists to explore math, literacy, and science concepts.
- Celebrate the end of the program with a trip to Canada's Wonderland.

Transportation will be provided.
