Recital Performance
 April 15, 1:00 pm

Dance class is a weekly commitment. Good attendance is imperative to learning. The teachers cannot jeopardize their responsibility to the rest of the class for students who do not attend class.

Instructors Miss Susan & Miss Mary

Ballet & Tap

Students will learn proper dance terminology and arm and feet positions. Steps will be taught in easy progression, and older students will continue to build on learned skills. Ballet and tap terminology continues to expand as new steps and combinations are taught. Students will learn routines for the dance recital.

Jazz

Steps are learned at center and across the floor and then combined into a routine. Upbeat music is used that is always age appropriate. All jazz classes learn routines to be performed in the dance recital.

Poms & Tumbling

Children will learn basic pom movements and jumps and a pom routine to perform in the recital. They will also work on coordination, flexibility and basic tumbling skills to be performed in a tumbling routine.
